

# A Special Message for Friends of Ford's Theatre Members

## *An Evening With Scott Bakula*

We are extremely pleased to let you know that Scott Bakula is returning as a part of the 2007-2008 Ford's Theatre season for a very special cabaret performance.

Featuring a five-piece orchestra, and a song list selected by Scott himself, the evening promises to be a performance of the highest caliber.

Scott was a driving force in the 2006-2007 Ford's Theatre production of *Shenandoah*. His performance in the lead role of family patriarch Charlie Anderson left audiences cheering as he struggled to protect his family and maintain his moral courage in the face of increasing and overwhelming odds.

Audiences also know Scott from his work on television with *Quantum Leap* and *Star Trek: Enterprise* and in the movies *American Beauty* and *Life as a House*.

*As a Friend of Ford's Theatre member, we want you to have the first chance to take advantage of this incredible opportunity!*
